### Philosophy:

SANORD is committed to enhancing the experiences of internationalisation of students from member institutions through the BOC Scholarship Programme, which encourages capacitation and development through student mobility and research collaboration.

The BOC Scholarship programme aims to provide such scholarships to students from a **SANORD member institution** in the **Southern African region** to spend **3-5 months** at a **SANORD Nordic member institution** for time to work on their research and dissertation. The primary focus will be mobility for academic and research collaboration with our Nordic partners based on scholarly merit.
